

PMF ACADEMY MAP 1990-2023

The heart of PMF is the Academy, made up of young musicians selected through auditions. For about one month each July, these Academy members receive instruction directly from a faculty including principals and players from the major orchestras of Europe and the United States. From 1990 to 2023, the cumulative number of PMF alumni has grown to 3,758, from 78 countries and regions.
